ERM-FD304

Declaration of Conformity and Origin

To whom it may concern:

The certified reference material ERM-FD304 was produced by the European Commission's Institute for Reference Materials and Measurements (IRMM).

A commercial silica polishing suspension which is not classified as dangerous goods was used as raw material. This suspension was diluted with de-ionised water and ampouled at IRMM.

The material has not been exposed to or inoculated with any livestock or poultry disease agents exotic to the EU or the United States. The material did not originate from a facility where work with exotic disease agents affecting livestock or avian species is conducted.

The material is not an antiserum.
